### iOS Developer

Expert iOS Developer with 12 years of proven expertise in mobile app development, optimization, and integration. Specialized in finance-focused applications for over 5 years. Extensive experience includes collaborative research with a finance professor and development of government department applications. Passionate about delivering top-tier solutions.

### Education

Mahidol University, ICT (International Program)

Bangkok, Thailand

Bachelor's Degree in Computer Science

From 2007 – 2011

Majoring in Multimedia Systems

### Technical Skills

#### iOS Skills

- Swift
- Objective-C
- C#
- C++
- Swift UI
- constraint Layout
- RxSwift

#### Android Skills

- JAVA
- Kotlin
- JNI

#### Back-End Skills

- .net C#
- .net C++
- .net Core
- Python
- NodeJS

#### Coding technique

- MVVM Structure
- MVP Structure
- Reactive Programming

### Experiences

Bangkok Bank Public Company Limited

Bangkok, Thailand

Senior Software Developer

2021 - present

- Developed new features for a mobile banking application using Swift, enhancing its functionality and improving user experience.
- Optimized database stored procedures, resulting in significant improvement in database performance.
- Collaborated with the Microsoft team to enhance database security measures, ensuring robust protection against potential threats.

- Designed and implemented custom UI components for an iOS application, streamlining user interactions and enhancing overall app design and performance.
- Created SQL scripts to update the bank database, supporting partner needs and facilitating efficient database management processes.

**Krung Thai Bank Public Company Limited**

Bangkok, Thailand

**Senior iOS Developer**

2020 - 2021

- Developed the iOS Krungthai Next application using Swift and reactive programming with a clean architecture, ensuring efficient and scalable codebase.
- Implemented custom UI components for an iOS application, significantly reducing development time while enhancing the app's design aesthetics and performance.
- Achieved nearly 100% code coverage by implementing comprehensive unit testing, to maintain code quality and enhance application reliability.

**Chulalongkorn University**

Bangkok, Thailand

**Mobile Application Developer**

2015 - 2020

- Developed a high-performance retirement planning application, simulating 5000+ financial scenarios.
- Utilized advanced algorithms to calculate precise retirement fund requirements based on various factors.
- Collaborated closely with a finance professor and GPF (Government Pension Fund) officer to ensure application accuracy and relevance.
- Conducted initial meetings and gathered detailed requirements from stakeholders.
- Presented design concepts and prototypes, incorporating feedback for validation.
- Maintained regular communication with stakeholders, providing updates and addressing concerns.
- Conducted thorough testing and validation, ensuring application reliability.
- Provided training and support to stakeholders, facilitating effective application usage.
- Implemented feedback to continually enhance application functionality and usability.

**Geotalent Co., Ltd**

Bangkok, Thailand

**System Analyst (SA) & iOS Developer**

2016 - 2020

- Developed cross-platform frameworks and integrated mapping functionality for iOS apps using various languages and frameworks.
- Designed and managed databases, servers, and RESTful APIs across multiple platforms and languages.

- Provided infrastructure consultation, designed wireframes, gathered requirements, and managed teams using agile methodologies.

**Intelligence Information Integration Co., Ltd**

Bangkok, Thailand

**Back-end Developer**

2014 – 2016

- Led full-stack development of a dashboard website for DTAC and Bank of Ayudhya Public Company Limited, enabling visualization of big data insights, while implementing data ingestion processes into Splunk, resolving issues, integrating Google Maps, and enhancing UI/UX.

**RingZero Network (Thailand) Co., Ltd**

Bangkok, Thailand

**Game Developer**

2011 - 2014

- Extensive game development experience across multiple platforms, including iOS, Android, Nintendo 3DS, Sony PSP, Unity3D, Cocos2d-x, and more, encompassing social games, iOS development, Android games with Facebook integration, and more

## Personal Ability

Fast learner, Great responsibility, Great Interpersonal Skill, Able to work with team and individual, Open-minded, Self-motivated, Hard-worker.

## Training & Certifications

- Advance SQL
- NodeJS for Developer
- Design Technique for Transaction Design
- CI/CD Process with Jenkins
- Switching on IOT (Internet of thing)
- Innovation Academy Passion to Spark Project
- Design thinking workshop
- Elastic search for Developer
- Acquire a Basic Level of Japanese language course Certification
- Attend Flash Actionscript training course

## Language Skills

- Possess working English. Fair knowledge of Japanese.
